About us

SARA ELGI group has been the Pioneers of various engineering products that are benchmarks of performance and quality even today, the SARA ELGI group is known for its successful collaborations and technology transfer. The group's annual turnover is currently over Rs.500 crores, and continues to grow. As a part of our group's growth and diversification plans, SARA ELGI ARTERIORS LIMITED have technical tie-up with Technoplast of Austria and brought to India, a world class technology – Vinyl Fenestration. SARA ELGI ARTERIORS LIMITED, started in 1996 has triggered many new ideas & innovation in the uPVC windows and doors system.

Why uPVC?

The INFINITY range comprises of sophisticated, trendy and high-quality window systems, door systems and architectural systems made from uPVC material. Innovative polymer windows and doors not only enhance the beauty, but also reduce problems caused by traditional & cumbersome methods of woodwork and eliminates the concept of using aluminum altogether!

Advantage - uPVC

Water resistance

Power saver

Corrosion Resistance

Eco-friendly

Termite Resistance

Impact Resistance

Weather Resistance

Fire Retardant

The iNFINITY Advantage

Let us join hands
for a win-win situation

Customers
Franchisee fabricators
Channel partners

100% In-house
production

Customer Benefits

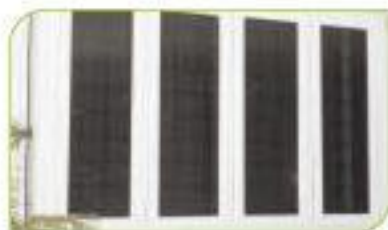

- Equipped with our own design team
- In-house facility to manufacture profiles
- In-house development of accessories
- Installation & Service support
- Timely delivery & installation

Channel Partner Benefits

- Product training & Design
- Marketing kit
- Promotional support
- Timely delivery & installation
- Additional support from franchisee fabricators

Franchisee Fabricator Benefits

- Project feasibility
- Supply of in-house user friendly fabrication machines
- Installation & Trial run
- Production training
- Design & Production planning support
- Quality & Inspection training
- Timely & right quantity of profile supply
- Supply of right accessories
- Periodical service support
- Promotional support
- Marketing Support

What is unique about INFINITY uPVC windows & doors ?

- Sculptured & Slender frames
- Ranges of finishes & glazing
- Multi-chamber profile
- Double weather seals
- Galvanized steel Reinforcement
- Secure glazing beads
- Range of hardware
- Slim outer frame

- Attractive appearance
- Versatility to suit any locations
- Optimal noise
- Weather and water proof
- Durability & reliability
- High security
- Eco - Friendly
- Sleek & Strong

WINDOWS & DOORS blended with quality, strength & love for nature ...

Design Features

Multi – Chambered profiles that ensure isolated drainage.

Profiles have an outer wall thickness upto 3 mm for optimum structural strength.

Purpose designed galvanized steel reinforcements that make the profiles rigid.

Welded corners that ensure squareness, structural strength and smooth opening of windows.

Concealed locking wedges that provide additional safety.

Custom made run up blocks that enable convenient closing of windows

Twin weather sealing that provides optimal resistance to draught and water penetration.

Chamfered profiles that enhance visual appearance.

Incorporates high thermal and acoustic insulation.
